## **Introduction**

Department of The National Library is pleased to present this annual publication of the Jordanian National Bibliography as one of its tasks in introducing the Jordanian intellectual and creative production published either inside or outside Jordan for Jordanian and non-Jordanian authors for 2017.

This publication has become a leading goal of the National Library, through the documentation of deposited works to enable scholars, researchers and others to have access to what has been published and issued to benefit from it.

The development of the national bibliographic control depends primarily on the continuation of the deposit of works, and the cooperation of authors and publishers in depositing their works as soon as they are published, in accordance with Copyright and Related rights Law No. 22 of 1992 and its amendments, and the Deposit of Works By-Law No. 4 of 1994 and its amendments, which bind authors and publishers to deposit three copies of their works published in the Kingdom and two copies of the works published outside Jordan. This deposit will help in issuing the national bibliography in a timely manner.

The bibliography is considered as an exclusively documented record of the national intellectual production, which helps in providing the opportunity for future generations to benefit from it as the memory of Jordan, and its issuance encourages the increase of creativity , investment and preservation of published works in all areas.

Therefore, I invite the authors and publishers to deposit their intellectual production at Department of the National Library to keep it for future generations as part of the national cultural memory; as the Department represents the memory of Jordan and its mission is to preserve it.

I would also like to thank all the staff of Department of the National Library for their efforts in bringing this publication to light. May God help us to serve our beloved country under the presence of His Majesty King Abdullah II Ibn Al Hussein, may God support and protect.

**Director General**  
**Department of the National Library**  
**Professor Nidal Al-Ahmad Al-Ayasra**
